

# Scientific Advisory Services

*Scientific Due Diligence and Project Management*

**DAXTACHEM SAM** is a company of the Frattale Group holding company based in Lucerne, Switzerland.

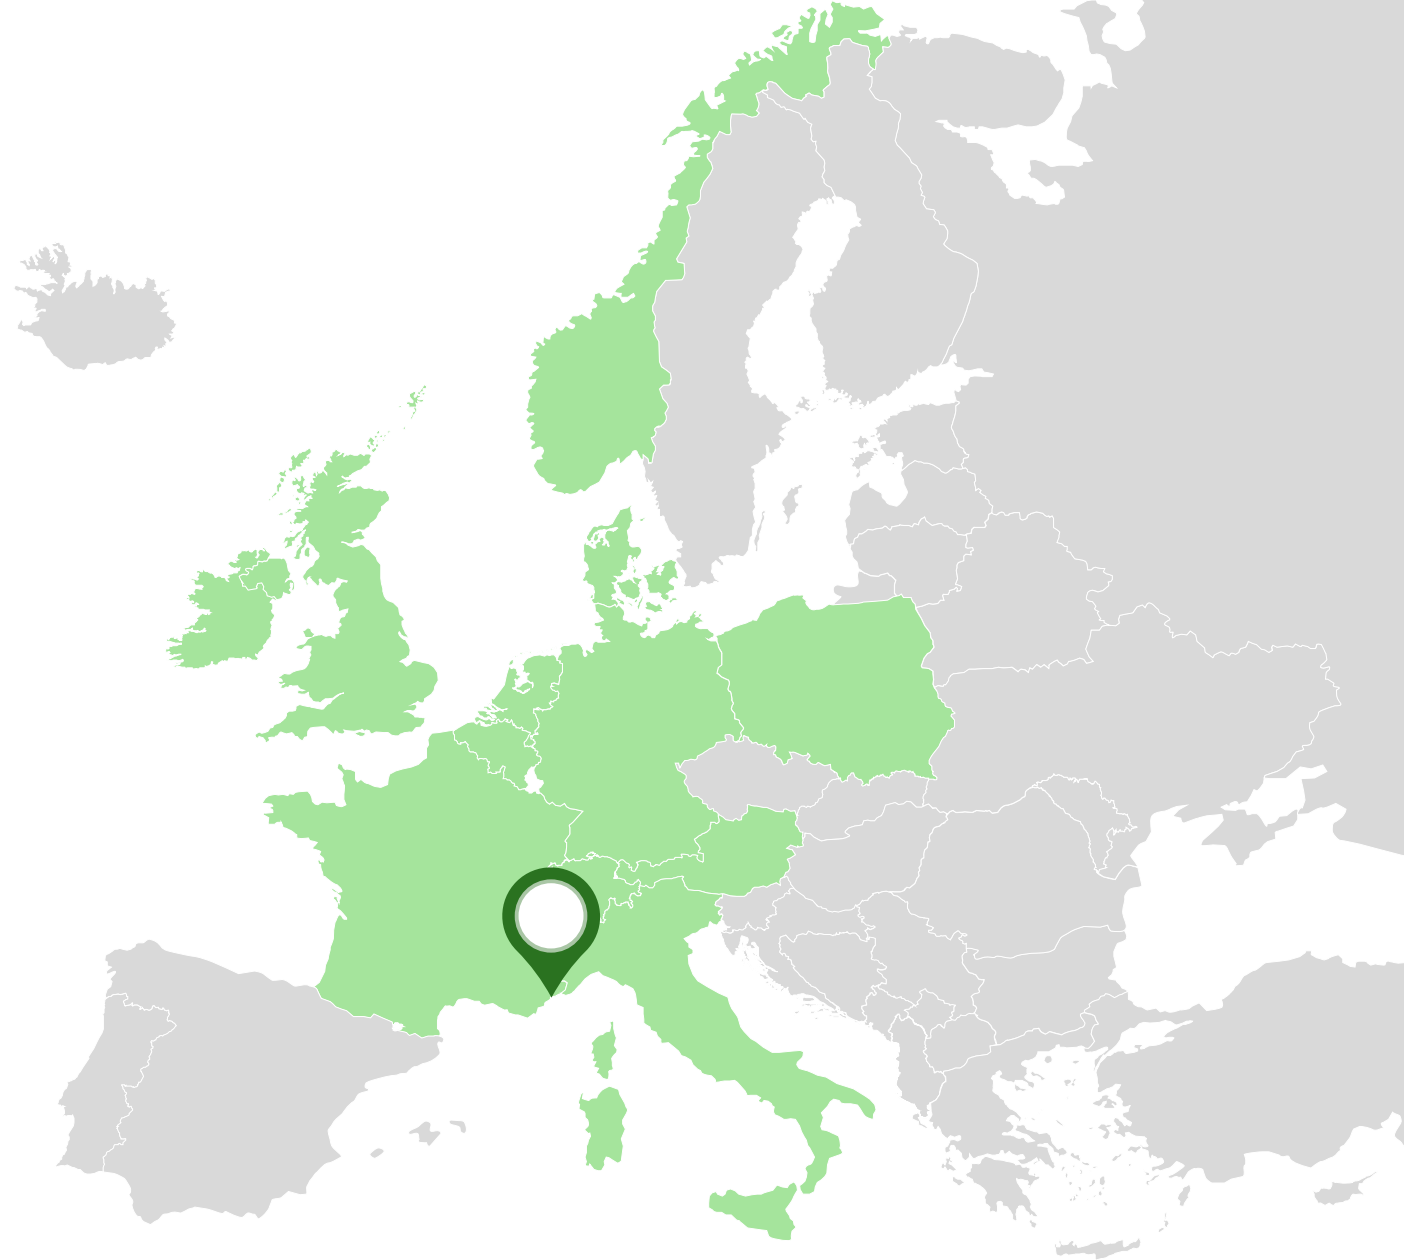

With **more than 10 years of experience** in this sector throughout Europe, thanks to the work of some 40 specialists in the various Frattale Group companies, **DAXTACHEM** is able to assist you in your investment decisions in the **life sciences, biotechnology** and **chemical sectors**. Through neutral and independent expertise, including the management of industrial processes, we will be able to advise you in order to **reduce the investment risk**.

# COMPANY'S MISSION

## SUSTAINABILITY

We strongly believe in the need to evolve towards industrial applications that maintain and increase the quality of life while **minimizing** or even neutralizing **environmental impacts**.

**MORE THAN 10 YEARS OF  
INTERNATIONAL EXPERIENCE**

## SCIENTIFIC DUE DILIGENCE

- Scientific and theoretical evaluation of files.
- Independent product analysis.
- Conducting independent product evaluation and performance tests.
- Steering R&D projects as guarantor of investors' interests.
- Management of scale-up and industrialization projects.
- Networking and partner search.
- Independent expertise, including academic expertise.
